Are Mobile Banking and Mobile Deposit secure?

In addition, no account data is ever stored on your phone and if your phone is lost or stolen, access to your accounts can be disabled by calling us at 612-379-8811.

We also recommend that you follow these mobile banking security tips:

- Lock your device with a password or PIN when it is not in use.
- Use strong account passwords with at least one number and capitalized letter. Do not use your name, birth date or other easily identifiable personal information.
- Do not store personal information including your User IDs and passwords on your phone or send them via email or text messages which could be intercepted.
- Only download applications from trusted sources. Make sure to download updates regularly, as updates often fix security flaws.
- Do not enter personal information unless there is an "s" after http, which indicates the site is secure. Also look for security symbols like the lock icon.
- Do not bank or shop online when using unsecured, public Wi-Fi access.
- Do not click on any links in emails claiming to be from Northeast Bank. Instead go to the Bank website directly and log in.

Funds deposited using Mobile Deposit will generally be made available on the first business day after the day of deposit. However, in some cases, funds may take longer before they are available for your use (up to several business days). Our standard check holds apply. Please see the *Your Deposit Account* pamphlet that you received at account opening for more details.

How should I endorse a check for mobile deposit?

You should restrictively endorse checks transmitted through Mobile Deposit as follows:

[Payee signature(s)]
For NEB Mobile Deposit only

If the check is made payable to you and another payee, then the check must:

- be endorsed by both payees, and
- be deposited into a joint account owned by both payees or an individual account for either payee.

Any tips for taking good check photos?

Taking high quality photos of the check is the best way to make Northeast Bank Mobile Deposit quick and easy. Here are some hints to keep in mind:

- Place the check in a well-lit area on a dark, non-reflective background
- Ensure that only the check is visible in the view screen – no other objects or edges

- The check needs to be entirely in the frame
- Focus is important. Shaky hands or being too close can make the image blurry.

What should I do with my check after I have submitted a mobile deposit?

Upon your receipt of a confirmation from Northeast Bank that we have received an image that you have transmitted, mark the front of the original check as “Electronically Presented” or “VOID”. Retain the check for a minimum of 7 calendar days but no more than 15 calendar days from the date you sent the mobile deposit. After 15 days and having confirmed that the deposit was credited to your account, destroy the check that you transmitted. During the time you retain the check, properly secure and handle the check, and upon request, promptly provide it to Northeast Bank.

How can I view a copy of a check I deposit via Mobile Deposit?

After you have successfully completed a mobile deposit, you can access an image of the check you deposited from your mobile device for up to seven calendar days by following these steps:

- Login to the Northeast Bank Mobile Banking app with your Northeast Bank online banking credentials.
- Select the “Mobile Deposit” option from the Main Menu.
- Click on the “Transactions” option on the “Deposit or Review Checks” screen, which will take you to a list of your recent mobile deposits.
- Click on a specific transaction to see the check images.
- NOTE: You cannot view the images of checks deposited via Mobile Deposit in your Account Transaction History.

If your check image is no longer available on your mobile device, you can call us at 612-379-8811 and ask for an Electronic Banking Specialist to request a copy of a check you deposited via Mobile Deposit.

What happens if a check I deposit via the Northeast Bank Mobile Deposit service is returned?

If an original check deposited through Northeast Bank Mobile Deposit is dishonored, rejected or otherwise returned unpaid for any reason, you will receive an image, reproduction or substitute of the original check and we will charge the deposit amount back to your account. As with any returned item, you will be responsible for reimbursing us for all loss, cost, damage or expense caused by or relating to the processing of the returned item. You are prohibited from attempting to deposit or otherwise negotiate an original check through Northeast Bank Mobile Deposit if it has been charged back to you. You may be able to negotiate a returned item in person, and should speak to a Customer Service Representative at any of our locations if you require such assistance.

As described in your Account Agreement, if you deposit a check that is returned to Northeast Bank for any reason, including insufficient funds of the payor, we may “set off” the amount of the returned item. We may “set off” by debiting the account into which you deposited the returned item or by transferring funds from another Northeast Bank account held by you. We may do so whether or not the reason for the returned item was presented to us on a timely basis.
